Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Premature Cheapening of Copyright Books Sevenpence sounds a rather peculiar price, but it has been made familiar to the people of Great Britain because of the large sale, at the price of sevenpence, of what are known as serial publications. I believe my own firm, Messrs. Cassell Company, were the first to issue works in serial parts at 7d. Each. The success of the sevenpennies demonstrates that there is nothing magical in the silver sixpence. If people want a thing, they are prepared to pay for it, although it may necessitate diving into two pockets, one for the silver and another for the copper. I believe the sevenpennies are still selling in large quantities, particularly at the railway bookstalls.
