Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****.While in school, we learnt stuff we probably don't use today. However, language is essential to almost every aspect of the human condition. How do you expand your business beyond your continent for more sales? How are you going to express your love for that beautiful Lolita that just walked past? How do you get directions to a bullfight viewing at Las Ventas? With the knowledge of language, that's how. This book contains a lexicon of some of the most used words in everyday Spanish conversation. It makes use of the age-old learning techniques of repetition and rote memorization, in an attempt to condition the brain for learning Spanish as quickly as possible. In addition, an auxiliary feature called story mode has been included to aid the reader in a test for comprehension. Finally, it should be noted that while this book will aid in a visual recognition and comprehension of words in the Spanish language, students must also have an understanding of their proper pronunciations. To help with this, there is an accompanying audiobook that will be made available, in order to enable listening lessons. And so, from the beautiful city of Madrid, the city of love and all things fashionable, we present to you, The Simple Way To Learn Spanish.
