Mihails Konoplovs, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Speed reading has been a skill peddled by experts putting it on the spotlight. The claim is that speed readers can read up to 1000- 1700 words in a minute while the average person reads 200 to 400 words. The only way to understand if these claims are true is by looking at the different techniques used in speed reading. And this book can help you with that.
