Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Manual of Clinical Diagnosis IN preparing the third edition of this manual, I have endeavored to do justice to all the wishes expressed by the different critics, as well as to consider any wants which have become apparent since the last edition. Gorse quently, a number of improvements and additions have been made, and among them it seemed necessary to add some new illustrations, especially to the chapters on blood and urine. The illustrations of the leucocytes are from preparations of Professor Ehrlich, and those of the urinary sediment are, in part, taken from the physico chemical atlas of Funke. The tables in the last chapter are intended to make the questions of diet and assimila tion of practical use in the sick-room. In conclusion, I should like to thank all those gentlemen who have so kindly assisted us by their suggestions. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
