Barron's Educational Series, 2006. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: This brand-new manual prepares 10th grade students in Massachusetts to succeed on the test that is required in secondary schools throughout the state. The book opens with a diagnostic test to help students assess their math strengths and weaknesses. An extensive subject review follows, focusing on the test's four general topics: * Number sense and operations * Patterns, relations, and algebra * Geometry and measurement * and Data analysis, statistics, and probability. The manual is filled both with example problems and practice problems that reflect the test's format and style, plus two full-length practice MCATs with all questions answered.
