OTHER ELECTRICITIES: STORIES

Sarabande Books. Paperback / softback. Book Condition: new. BRAND NEW, Other Electricities: Stories, Ander Monson, "Like Franklin's discovery of the electricity we do know, Monson's luminous, galvanized book represents a paradigm shift. The frequencies of the novel have been scrambled and redefined by this elegant experiment. "Other Electricities" is a new physics of prose, a lyric string theory of charged and sparkling sentences. Through an unsettling, almost crazed gestalt of sketches, short stories, lists, indices and radio schematics, Monson presents a world where weather, landscape, radio waves and electricity are characters in themselves, affecting a community held together by the memories of those they have lost. Ander Monson is the editor of "DIAGRAM" and the New Michigan Press. He teaches at Grand Valley State University and lives...
