

System simulation technology and its application - (Volume 10)

Filesize: 4.44 MB

Reviews

If you need to adding benefit, a must buy book. It usually does not charge excessive. I realized this ebook from my dad and i suggested this publication to learn.

(Alec Veum)

SYSTEM SIMULATION TECHNOLOGY AND ITS APPLICATION - (VOLUME 10)

To download **System simulation technology and its application - (Volume 10)** PDF, remember to access the web link listed below and download the file or have accessibility to other information that are related to SYSTEM SIMULATION TECHNOLOGY AND ITS APPLICATION - (VOLUME 10) ebook.

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 871 Publisher: University of Science and Technology of China Press Pub. Date :2008-7-1. Book for the Chinese Association of Automation System Simulation System Simulation Committee of the Chinese Society of Professional Committee of simulation technology in July 2008. organized jointly launched 2008 Simulation Technology and Its Applications Conference (CCSSTA2008) Selected papers. The book contains 208 conference papers. system simulation in recent years. science and technology in the natural sciences and social sciences fields. aviation. aerospace. petroleum. chemicals. energy. defense. and light industry in the application of the latest results. and build model and simulation methods. the new field of complex systems such as the latest developments. Book for research. engineering departments and factories and mines in the system simulation science and technology research and application of relevant professional institutions of higher learning and students as well as reference. Contents: Part 1 report to the Assembly. Tilting trains HLARTI based multidisciplinary collaborative simulation 2. Group robot system modeling and simulation 3. Based on the theory of complex systems against information warfare system modeling and simulation 4. Hierarchical reinforcement learning research 5. Distributed simulation platform and its weapons of attack and defense in the second part of the application of modeling and simulation methods 6. Information and Communication act against the performance assessment framework and simulation model design 7. Neural network based on life-cycle runoff prediction model 8. Spiral blade shearer drum simulation algorithms and modeling 9. Based on aircraft flight state estimation IJKF 10. Frame-based CGF entity behavior modeling 11. Intercept sonar buoys on the potential effectiveness of the search 12. An extension of the stochastic colored Petri nets and modeling in the application of air defense operations 13...
